The IALEFI Master Instructor Development Program (MIDP) was designed to provide continuing education to individuals certified as firearms instructors. Foundation courses of the MIDP include instructor level training on the three most commonly utilized law enforcement weapon systems----- handgun, rifle and shotgun.

Different proven methodologies will be used to enhance the teaching skills of the police firearms instructor. Hands-on skills will progress from the basics to the more complex and all participants regardless of skill level will find themselves challenged. Practical exercise will put an emphasis on both practical marksmanship and operational skills.
